This is an important document and should be read carefully, so you are clear about the main services and standard charging structures we offer.

Our Services

We provide a number of services. To ensure you choose the right service we must first establish a clear understanding of your financial needs. We will gather information about you to help define your needs and priorities.

We can help you plan for the best way to protect you, your family or your business.
- **Home Finance and Equity Release Service:** We will assess your circumstances and provide advice as to the most appropriate mortgage products and lenders. We are able to access the whole market.

We will only commence work once we have agreed our services and charges with you. You will receive a copy of our Terms and Conditions which sets out the services we have agreed to provide and confirm how much this will cost.

Our advice

We offer **independent** investment advice. This means that we consider a wide range of financial strategies and products. We are constantly reviewing the market to ensure that the services and products we offer are appropriate for our clients.

Where we recommend particular investment strategies and products to you, these will be selected based on your personal circumstances, financial goals and objectives. We'll consider a number of factors, including the services you need, the cost of investing, how much risk you are prepared to accept in an investment product and how much of a drop in its value you could withstand.

The areas we can advise on include:

- Life assurance
- Critical Illness Cover
- Pensions
- Annuities
- Phased retirement & income drawdown
- Term Assurance
- Unit trusts
- Open ended investment companies
- ISAs
- Investment Bonds
- Investment trusts
- Income Protection

We don't provide advice in relation to individual share holdings.

We don't provide advice on options, futures and other derivative contracts as we believe that these are unlikely to be suitable for our clients.

Insurance

Where we provide general insurance advice and protection planning services we are an insurance intermediary and will provide advice which is based on a fair and personal analysis of the market.
